

Calling Out

Dream State

Heartache, brain wave, take me to better days
Heart beat, eyes weep behind a wall I built so you can't see me
at my worst
Me at my worst
I'm my own worst enemy
Calling out hoping you'll hear me
Arms wide out, hoping you'll see me
Wishing things were the way they were before
The way they were before

Calling out, calling out
Can you hear me, can you hear me

I've been waiting so long, waiting here forever
I've been waiting so long, waiting here forever

Minds filling up and I've had enough
Minds giving up and it's all too much
Spinning around and around we go again

You're up, then you're down, and you don't know when you hit the ground
I've been alone, and it's all I've ever known now
Here we go again

Calling out hoping you'll hear me
Arms wide out, hoping you'll see me
Wishing things were the way they were before
The way they were before

Calling out
Calling out

Calling out, calling out
Can you hear me, can you hear me
Calling out, calling out
Can you hear me, can you hear me

I've been waiting so long, waiting here forever
I've been waiting so long, waiting here forever
I've been waiting so long, waiting here forever
I've been waiting so long, waiting, can you hear me
