

## Invincible (like u)

Dream

Didn't know what it was  
Thought we moved just because  
Mad at you, I was so young  
How did you bottle it up?  
Birthdays and Christmas came  
They all just seemed the same  
Somehow I still complained  
How did you keep yourself sane?

Tears fell, but you never did  
Might lose, but you never quit  
Think it's easy, but it never is  
No, it never is, no, it never is

'Cause all I know is without you I got nothing  
Heart against the ropes  
And after all this time  
Still rolling with the punches  
Wondering if I'm invincible like you

Trade your bed for my bedroom floor  
And made damn sure you were there all night  
That was the first time I ever saw you cry  
Broken inside and fighting my fight

Tears fell, but you never did  
Might lose, but you never quit  
Think it's easy, but it never is  
No, it never is, no, it never is

'Cause all I know is without you I got nothing  
Heart against the ropes  
And after all this time  
Still rolling with the punches  
Wondering if I'm invincible like you

Invincible like you  
Invincible like you  
Invincible like you  
Invincible

Tears fell, but you never did  
Might lose, but you never quit  
Think it's easy, but it never is  
No, it never is, no, it never is

'Cause all I know is without you I got nothing  
Heart against the ropes  
And after all this time  
Still rolling with the punches  
Wondering if I'm invincible like you

Invincible like you  
Invincible like you  
Invincible like you  
Invincible
