

Do Nothing

Dreamcar

Don't say hello or say goodbye
Just say it to some other guy
Oh, I know I've seen your face (Oh I know, oh I know)
Grounding planes from JFK to LA

Keeping no secrets in your bag beside me

You do absolutely nothing for me
You do nothing for me
Nothing
You do absolutely nothing for me
You do nothing for me
But don't ignore me
Please, don't ignore me

You've got my number
I've got your name
Tattooed upon my chest
Above a grave
Oh, you know I've chased your face (You and your pretty face)
Hopping planes from JFK to LA... X

Keeping my secrets in the seat beside you

You do absolutely nothing for me
You do nothing for me
Nothing
You do absolutely nothing for me
You do nothing for me
But don't ignore me
Please, don't ignore me

Keep your distance
And I'll keep mine
Just keep your distance
And I'll keep my...
My resistance
My resistance!

You do absolutely nothing for me
You do nothing for me
Nothing
You do nothing, nothing, nothing for me
You do nothing for me
But don't ignore me...
