~~~~~ Go up

I have to go on  
Reason

The me who was like a child is here no more  
You gave me strength in this place  
Everything behind me quickly passed by  
I've dreamed of this moment for a long time

It looks different  
But it's not that different  
I grew up getting beat down, there were many saying that I was wrong  
When you go up as much as you have, you need to be responsible  
Reflecting on every moment, go up

Even if the clouds that cover the light  
Far away, far away, far away  
Spread your wings to fly away  
'Cause you are the reason

(Whoa-oh-oh, whoa-oh-oh-oh)  
(Whoa-oh-oh-whoa-oh)

It's hard to catch the time that is passing by  
But believe me, we will always move forward

Yeah, one minute like a year  
Make hundred to million I hold  
The key to sprint to high places  
We don't fight  
I can see the light on our own path  
That is love or friendship

Even if the clouds that cover the light  
Far away, far away, far away  
Spread your wings to fly away  
'Cause you are the reason

(Whoa-oh-oh, whoa-oh-oh-oh)  
(Whoa-oh-oh-whoa-oh)

(Whoa-oh-oh, whoa-oh-oh-oh)  
Your voice at this moment  
(Whoa-oh-oh-whoa-oh)  
Tells me everything, whoa-oh

We're always with InSomnia  
We can spend more time  
Together beyond the limits (Ah-oh)  
We spread our wings to fly together (Spread our wings)  
'Cause you are the reason

(Whoa-oh-oh, whoa-oh-oh-oh)  
(Whoa-oh-oh-whoa-oh)

It looks different  
But it's not that different  
I grew up getting beat down, there were many saying that I was wrong  
When you go up as much as you have, you need to be responsible  
Reflecting on every moment, go up
