I need something special
To surprise the world
I'll find a new dream (go way)
Hurry and follow me baby (baby)

Put behind the short-breathed yesterday
What will happen today?
I'm even more curious
So I can go anywhere

Deep in the night, a hidden secret
I can go anywhere, any time
Into my earnest dream
Come to me baby

Wake up wake up, hold my hand
In this moment when everyone else is asleep
Wake up wake up, under the moonlight
Feel a new me

A cool breeze blows (oh oh)
The melody wakes my heart
Where should I go today? (go way)
There's no answer baby (baby)

The frustrating and typical eyes on me
I'll get over those thoughts in a breath
It's easy (oh oh oh oh)
This is me (it's me)

Amazing magic in front of your eyes
Yes, I opened your dream and came
No time to hesitate
Come to me baby

Wake up wake up, hold my hand
In this moment when everyone else is asleep
Wake up wake up, under the moonlight
Feel a new me

A small wish I always dreamed of
Now my voice is ringing loud loud loud (loud)
So it can fill up the world
I'm gonna keep running

Wake up wake up, fly higher
Until the end of the world that will hold you
Wake up wake up, even freer
Trust me and get up
