The blue light that was mixed into last night's dream
Keeps shining brightly
I don't know when this started but
I want to run closer to you

On that empty road
A red monster might pop out
(Be careful)

When the red moon rises, I'll fall into a deep sleep
Even you can't wake me up

Countless stars twinkle all day
As if they'll disappear if I open my eyes
A small bird lightly sits on my shoulder
I kiss it and ask
What planet am I on?
What planet am I on?

(Where am I) is no one here?
(Where am I) please answer me
(Who is that) who is that took my hand
And brought me here?

Even if tomorrow doesn't come
Why does it like it'll be fine?
I'm not worried at all

In the forest, covered by thick fog
A scary tree might fall on me
(Be careful)

When the red moon rises, I'll fall into a deep sleep

Countless stars twinkle all day
As if they'll disappear if I open my eyes
A small bird lightly sits on my shoulder
I kiss it and ask
What planet am I on?
What planet am I on?

I'm going closer to the starlight
That shines on me brightly from far away
Without knowing, I'm getting closer
I wanna hold out my hand
It feels like I could fly

Countless stars twinkle all day
As if they'll disappear if I open my eyes
A small bird lightly sits on my shoulder
I kiss it and ask
What planet am I on?
What planet am I on?
