DreamDoll

Nah baby, nah baby, nah baby
Nah baby, nah baby, nah baby

If you take your dick away from me
I'll go brazy, I'll go insane
If you take your dick away from me
I'll go brazy, I'll go insane
If you take your dick away from me
I'll go brazy, I'll go insane

I told all my bitches how I really want you
I know we made plans but I hope they fall through
Remember back then when I wouldn't call you
I had my hoes up, but now it's all you
Pussy get wet, yeah, you love to talk fly
The way you grab my ass every time I walk by
You tell me I'm the one, I ain't gotta ask why
'Cause you know I'm the hottest bitch up in NY
We was chilling on the block when I met you
First in, first class, it was jet blue now
Got all these bitches out her tryna sweat you
I was thinking 'bout your cock when I left you now

If you take your dick away from me
I'll go brazy, I'll go insane
If you take your dick away from me
I'll go brazy, I'll go insane

I was hiding from my friends on the low though
I remember all the time you was my side hoe
Pulled up, ask me if I wanna slide through
Pulled over and you ate it in the drive-thru
His girl see me on the gram, but she really upset
He text me like he miss me and he know he just left
I feel like I'm in love even though it's just sex
I ain't worried bout them hoes I'm the baddest bitch yet
Put my wig on your head when you hit it from the back
You know it taste good, I ain't never gonna lie
Main bitch know what's up, I'ma keep this shit aside
Run it, run it, run it back

When you put that dick inside of me
I go brazy, I'll go insane
When you put that dick inside of me
I go brazy, I'll go insane

Nah baby, nah baby, nah baby
Nah baby, nah baby, nah baby
Haha, yeah
