DreamDoll

We ain't even gonna speak about it

So just gotta make sure you know my body (you know my body)  
You know my body (you know my body, yeah)

Uh, if you heard what the F I did  
Then you would understand why my pockets gettin' vesti big  
What my ex didn't do then the next guy did  
Cause I don't even stick around if the sex not lit  
I admin that I like you or whatever  
That's when you got a check on me like I was a Nike or whatever  
My phone don't ring its curtains  
For you ain't that bitch so make sure that the shit is worth it  
And I don't even got to trip I got to cover him if he wildin'  
I work way too hard for them Birkins in my closet  
Its dream bitch, don't you ever forget  
I'm really going to give you something that you'll never forget

We ain't even gonna speak about it  
I've seen it all mine, you know my body (you know my body)  
You know my body (you know my body, yeah)  
Heard It all before (uh)  
So just gotta make sure, you know my body (you know my body)  
You know my body (you know my body, yeah)

I hate when I get out of line  
Or step out of pocket  
Like when I'm pissed off I throw your shit out my closet  
If a nigga play me then a nigga done up  
Cause everyday a new bitch tryna get the one up  
I know all the tricks  
I know all the games  
I got all the facts  
I think y'all all the same  
But hold up  
I need a nigga who's gone always show up  
A nigga just like my money, he gone never fold up  
Cause I'm too much of a bad bitch to fuck with a loser  
I pulled up in a Lamb he pulled up in a Uber  
See the dream on the block or I'm up in Aruba  
If a nigga gotta pick then nigga gonna choose her

We ain't even gonna speak about it  
I've seen it all mine, you know my body (you know my body)  
You know my body (you know my body, yeah)  
Heard It all before (uh)  
So just gotta make sure, you know my body (you know my body)  
You know my body (you know my body, yeah)
