

Fever

Dreamer Boy

Fever, catchin' fever
Fever, catchin' fever
Fever, catchin' fever
I'm hot, you're cold
Fever, catchin' fever
Fever, catchin' fever
Fever, catchin' fever
I'm hot, I'm cold

Never knowing what to say (Say)
I just think we need a break (Break)
All I hear is 808s, nowadays
Phone light glowing off from center stage
Our time, no love, a different pace
I tried, with no luck, to feel your bass
She's fine, but these nights some renegade
Renegade, renegade

Jumpin' into the water
Runnin' into the fire
In the heat of the summer
Holdin' on to my lover

I'm just in a different place (Place)
Image of a different life (Life)
I need outta town for an evening
Ride out of the city
Blow loud on my feelin'
I don't cut my hair cause I'm indecisive
I'm 0 for 2 for with and that shit got me feelin' nauseous
Time watchin'
No conscious
Pool water
Baptize me
Temperature risin'

Fever, catchin' fever
Fever, catchin' fever
Fever, catchin' fever
I'm hot, I'm cold
Fever, catchin' fever (Jumpin' into the water)
Fever, catchin' fever (Runnin' into the fire)
Fever, catchin' fever (In the heat of the summer)
I'm hot, I'm cold (Holdin' on to my lover)

Jumpin' into the water
Runnin' into the fire
In the heat of the summer
Holdin' on to my lover

I just wanna tell you what's been all on my mind
Don't know how to tell you, I just don't have the time
You don't think I care, I just pay it no mind
No mind, no mind (Oh)
I just wanna tell you what's been all on my mind
Don't know how to tell you, I just don't have the time
You don't think I care, I just pay it no mind

No mind, no mind (Oh)
