

JUMPSHOT!

Dreamer Boy

Jumpshot feeling pretty good
All summer we would run the games back
Afternoon in the sun
Angels in the mud
Back then doing what we could
All spring running on the same track
Know it's been a while
But you'll be back around

Breathing, breathing
Every season
Twenty-three, what you mean that you're leaving?
Always try to find the meaning
Circle back and you found what you needed
605 woodlett drive in the landslide
Red cooler, Sunny D for my tan lines
Back when all that we had was a god sign
Then we showed up at the right place, right time
That first tour, I gave my all for that
Pretty little moment, I can't see it back
Pretty little glisten, would you fall for that?
Tell me what I'm missing when I call you back, back

Jumpshot feeling pretty good
All summer we would run the games back
Afternoon in the sun
Angels in the mud
Back then doing what we could
All spring running on the same track
Know it's been a while
But you'll be back around

We go pound for pound and you are who you are
Got a New Orleans cap in the back of your car
That you drove across the country when we started it all
Anytime, anyplace
Out of bounds, out of state
Got that chip on your shoulder
Everybody know it
And we fight like a brother
I don't really show it
When I'm down in the gutter
When we need each other
You got that chip on your shoulder
Everybody know it

Mama prays that things will be alright
Going around again
And I'm glad that we found how things could be alright
Under the summer sunlight

Jumpshot feeling pretty good
All summer we would run the games back
Afternoon in the sun
Angels in the mud
Back then doing what we could
All spring running on the same track

Know it's been a while
But you'll be back around

Run with me, run with me
Run with me, run with me
And we took off together
And we took off together
Run with me, run with me
Run with me, run with me
And we took off together
And we took off together
