

# KEEP THE PACE

Dreamer Boy

Keep up keep up keep up

Yeah

I'm in the throes of keeping pace  
And I never stood a chance  
Red and swollen in the face  
Trying to meet all the demands  
Pimpin', passion  
Keep the faucet running  
Nothing into something  
It was always in my heart thumping, loving  
That's what gives me motion  
That's what keeps me going  
But I got some questions  
Left or right got me tongue tied, yeah  
Can't decide that's on my life

Well that's fine  
I think that everything will be alright  
And I try  
But far too many times I fall behind

Oh  
Hey hey

Yeah  
Just give them what they want it don't take much  
There's an act I'd like to play I'm getting good at  
In a movie of my own could you blame us  
For putting on a mask others want to look at?  
All eyes on me need your attention  
Oh you didn't see you must've missed it  
Can I ask this question?  
Tell me are you entertained?  
Are you entertained?

Well that's fine  
I think that everything will be alright  
And I try  
But far too many times I fall behind

I got this light inside me  
It's all I have sometimes  
I don't know where I'm going  
Or who I am sometimes  
Oh sometimes  
Sometimes
