

Let's Hold Hands

Dreamer Boy

Come on
You crazy? Aight

Let's hold hands
Let's just see what happens
When we feel this close together (Yeah)
And when I'm with you
And you're holding my heart
Never felt so close to Heaven

I think I love you more than a friend
Is that okay to say to you? (Ooh, ooh)
I think I love you more than a friend
Is that okay to say to you?

Let's hold hands
Let's just see what happens
When we feel this close together
And when I'm with you
And you're holding my heart
Never felt so close to Heaven

'Cause I love you more than a friend (A friend, oh yeah, ooh, ooh)
Is that okay to say to you?
'Cause I love you more than a friend (A friend, oh yeah, ooh, ooh)
Is that okay to say to you? (Run it, run it back, run it)

Run it back to the first day we met, yeah
Run it back to the first day we met, uh

Blue eyes, and the August sun (August sun) beating down (August sun)
Run it run it run it back (I said)
Run it back to the first day we met, uh
Run it back to the first day we met, uh
August sun and the blue eyes, blue eyes and the August sun beating down
Run it back to the first day we met
Run it back to the first day we met, yeah
Blue eyes, and the August sun
