

Mesa

Dreamer Boy

Didn't want to break down
But I been up and down
This was never my intention
I was always waiting wishing
I was hoping that you'd see me do all I can
Out here

Isn't it beautiful?
(Out here)
Isn't it beautiful?

Out here
I'll wait

Reaching out for you
Holding on to you
Can you get me through?
That's just what you do

Didn't know what I'd been missing
Part of me that's always giving
I was hoping that you'd see me
You never did
Out here

Isn't it beautiful?
(Out here)
Isn't it beautiful?

Out here
I'll wait

(Break down and you found what you're looking for)
(Break down on the ground what you running from?)
(Break down and you found what you're looking for)
