

Orange Girl

Dreamer Boy

Even though it's wrong (Ooh)
Well, I still like the way it feels (Ooh)
Even though it's wrong, baby (Ooh)
Well, I still love the way it feels
The way you feel

Showed her all the music I love
Then I had to go and get my feelings involved (Oh, no)
I'm about to study in the fall
And she in California, and she wants to be a star (Oh, no)
She tell me keep being who you want
I told her keep being who you are (Yeah)
I guess that wasn't very hard
But now I'm still thinking about you, girl (Oh, no)

Even though it's wrong (Ooh)
Well, I still like the way it feels (Ooh)
Even though it's wrong, baby (Ooh)
Well, I still love the way it feels
The way you feel

I've been so caught up with you
Baby
I've been so caught up with you
Baby
I've been so caught up with you
Baby
I've been so caught up with you

Driving to your house
Chasing on the highs
Lean out, going low
I just hope you know
Even, even all the planes in the world
I don't wanna waste tonight
Ridin', I'm ridin', I'm runnin' back
Colors only fadin' out
Fires only fadin' out
Ridin', ridin', runnin', back
Ridin', baby
I just wanna feel you by my side
Speed of 65 and 45
Even if we crash I got you, baby
Even if we fall, I'm fallin' with you
I just can't keep up with all your lies
I just keep on chasin' every night
