In The Clouds

Dreamhouse

Driving out the ones they feel have to leave
Praying that doesn't happen to me
Sitting still while wondering if we're free
Why do I see locked doors with no keys?

I don't know where I'm supposed to be
So stressed out and plagued by anxiety

Here on the ground
We experience ups and downs
We are the ones without any direction
They relax in the clouds
While we're on the ground without any direction

Striving to become who they want to see
Someone I'd never thought I would be
Feeling lost in what seems like infinity
Why do I see locked doors with no keys?

Here on the ground
We experience ups and downs
We are the ones without any direction
They relax in the clouds
While we're on the ground without any direction

Being kicked while you're down
Happens here on the ground
I'm not asking for pity
But if things were turned around
You'd be on your knees begging
Have mercy on me

Here on the ground
We experience ups and downs
We are the ones without any direction
They relax in the clouds
While we're on the ground without any direction
