

The Wall

Dreamscape

I feel the pain deep inside my heart tonight
still searching for the why
nothing disease dreams are [?] to die
I've tried to smile but I cannot fake my happiness
so hard to live it all
I feel loved again and locked behind the wall

the wall... the wall... the wall...

I can't believe I didn't realise what has happened to me
I was too blind to see that this love wasn't meant to be
now you're gone without saying goodbye, without a sign
you left me behind, was it my fault
can't get you out my mind
I'd like to turn back time and make this feel revive
if I can tear down the wall

the wall... the wall... the wall... the wall...

I cannot sleep tonight
I lie awake and sweat
can't forget all the memories
they keep spinning in my head

I feel the wall... the wall... the wall... the wall... the wall...
how can I find a clue ?
the wall...
so what else can i do ?
the wall...
I try so hard to break through
the wall...
