

Stone Cold Digital

Dreamshade

Social madness.

Numb your senses: A way to hide your sadness.

You're still looking for an answer to your existential questions?

I can provide what you're looking for.

You got it all? I can give you more.

Keep your eyes on the monitor, you got more notifications you can't ignore.

We're all friends in the Digital World.

The only truth is that we're all alone.

Turn the lights off and grab your Phone.

Sleep with the Enemy.

Fooling our Destiny.

Say you don't mind.

We can't escape from this nonsense and make-believe.

Say your goodbyes.

What you see isn't what you see

and you're just someone you're trying to be.

Is it Fake news or Reality?

We've become the reflection of our own Screen.

Automatic daily status: #FuckTheHaters

Give up your heart & mind to the next Generation device.

Digital Slaves.

Addicted to technology.

Our life is a fiction.

Digital Slaves.

Addicted to technology.

How can we just make this stop?

Sleep with the Enemy.

Fooling our Destiny.

Say you don't mind.

We can't escape from this nonsense and make-believe.

Say your goodbyes.

Error 404: page not found.

Can't find the life you're looking for.

You're in a stone cold digital world.
