

# Invincible

Dreezy

You can't break us in pieces  
They tried hard to get rid of me  
I'm still breathing for a reason  
Prolly cause it's my season  
And all my downfall got overshadowed by my achievements  
I knew that I was different but nobody ever saw the vision  
So 'bout a year ago all of you believers was missing  
Trying to offer me a slot like I paid for attention  
All the clubs I couldn't get in  
All the lists in wasn't mentioned  
Imma show the critics who they underestimating  
Take over city by city then might start reinstating  
I'm black and educated, but I'm over dedicated  
You can imitate it, but no bitch you cannot replicate it  
That's why we separated. That's why you love the hated  
That's why a practice I acted sophisti-gang-dang-it  
I surround myself with niggas that think the same way  
Now champagne, for the pain, join the campaign

I was made for this  
And if you want this show to go on then pay for this  
They try to break me down but it down matter what they say  
Cause I already know  
I already know  
I already know  
Just so you know, I'm so invincible

You could put me in a jungle but I come out with a mink  
I've been living out my dreams I almost thought that I was sleep  
I came from nothing, and nothing you want from me got' be cheap  
I might start charging to compete  
I sent armies on the retreat  
It took patience, I swear they broke me down until they feel like I couldn't  
take it  
Now I bet all these bitches stay in line like they tracing  
Get Benjamins for a payment  
I never could be a racist  
My words is killing you ladies, lets take 'em back to the basics  
Your fake relationships' for a paid placement  
They wait to on tracks with me like I'm a train station  
Used to be like you cause I was in that same basement  
Now when people talking the haters sinew me in the same statement  
I go overtime, fuck down the fines, takin' niggas of like a weekend  
You praying I'mma hit rockbottom but I dove in on the deep end  
Niggas say they smoking, but we never notice like a GPin  
Now I'm here man never leaving

I was made for this  
And if you want this show to go on then pay for this  
They try to break me down but it down matter what they say  
Cause' I already know  
I already know  
I already know  
Just so you know, I'm so invincible

Whatever your throwing at bet I throw it right back  
Yeah, you say you know me, you don't know me like that

You could to come at me, but I ain't going like that  
Just so you know, I'm so invincible  
I don't care what you heard about me  
I don't care what you think I should be  
Don't need security around me  
Just so you know, I'm so invincible

I was made for this  
And if you want this show to go on then pay for this  
They try to break me down but it down matter what they say  
Cause' I already know  
I already know  
I already know  
Just so you know, I'm so invincible
