Dreezy

All they wanna do is race, yeah
(Hit-Boy)
All they wanna do is race, yeah
All they wanna do is race, yeah

My lil' brothers is some sliders
All they wanna do is race, yeah
Too sporty, even got nitrogen on it
I know 12 can't catch this
Just like a sniper, I took the long shot
Hittin' my target, way 'cross the globe
Causin' a issue when I get in that mode
Bitches gon' get it if they against the code

I'm doin' the dash if I'm ever peepin' the 12, homies (Skrtrt, skrtrt)
All my niggas slidin' if it's an issue with me
'Cause I got the bail money (I got it)
All that big talk, got the scale on me
Said you runnin' shit, heard you a mail runner (Ha)
Soon as I touch a hunnid M's, y'all niggas fuck around won't even hear from me (American money)
I'm from the city where catchin' a body a way to get famous (Put you on the news)
Tryna be hurried, don't get your ass popped, put you on a playlist (Put you on rotation)
I just gave him one look and my nigga slapped him for me like I'm Jada
I'm the only bitch seein' Future in this shit like, that's so wavy
Got a plug with the Vatos, Chanel on the poncho, I still gotta remind hoes (Gotta remind hoes)
Them ain't no VVs up in your Cuban, we see the rhinestones (It's fake shit)
Name hold so much weight, feel like Griselda Blanco (Respect)
FreeBandz gang, Big Dreez', name a beat or block that we ain't slide on (Big Dreez')

My lil' brothers is some sliders
All they wanna do is race, yeah
Too sporty, even got nitrogen on it
I know 12 can't catch this

Hittin' my target, way 'cross the globe
Causin' a issue when I get in that mode
Bitches gon' get it if they against the code

Picture me runnin' away from some shit
Ain't involved in the clout, ain't involved in the fame
Pushin' the lanes in a Bentley Mulsanne
Duckin' no smoke, nigga, bustin' your brain
It's comin' with Perks when you reppin' the gang
I'm goin' surfin' at Barney's Change
Stay on alert and prepare for the rain
Drop the convertible, clear out the bank
The way I be spendin', that drip ain't the same
They given me props, they eatin' it up
Put the switch on the Glocks, I'm heatin' it up
Made it good off the top, the times was rough
I ain't gon' tell this nigga too hood
Just tryna make a nigga go pop

We take the pain that we go through
Elevate and go straight to the top

All they wanna do is race, yeah
All they wanna do is race, yeah
All they wanna do is race, yeah
All they wanna do is race, yeah

My lil' brothers is some sliders (Twin)
