

## Up & Down

Dreezy

Why you be givin' up on us, like you don't know all the shit we been through?  
Everything use to be right, now you be actin brand new  
Thought that I was your friend too  
If we in it, it's gonna' take two  
I be yellin' until I go blue, but I never would give up on you  
And fuck everybody that's hatin', degradin' they always got something to say  
They wanna' see us apart, that's why they smile in your face  
Tatted your name on my heart, that way it never would fade  
Even when loving get hard, you somebody I never would trade  
You're somebody I'll never forget, cause' with you all my feelings legit  
These other couples ain't on shit,  
No one else in my heart is gon' fit  
I want you to be there when I'm rich  
And I know that I act like a Bitch  
But, you should just make me yo' miss  
If we fall, we just taking a risk

Don't tell me that you love me if you don't (you don't)  
I just wanna' be by your side  
So, maybe we should drop our pride  
Let's keep it one hunnid'  
We breakin' up and we makin' up, it won't stop (won't stop)  
But, I'll never leave, 'cause I know that you are my rock  
I ain't giving up, 'cause that ain't how I rock (how I rock)  
We go up and down, we go up and down (up and down)

Why you be getting mad at me, like being committed is easy to do?  
Niggas be all on my heels, but they ain't got nothing on you  
These bitches be lovin' the crew, but I never be frontin' on you  
Kept it real and the feeling is true  
I'm attached like I'm laying in glue  
You say that you love me, so if it's true, then we gon' have to make it official  
You be blowin' me like I'm a whistle  
But, I better come first like initials  
Cause' I been your girl from the start  
Even would bitches would tear us apart  
Took me a chance and I put down my guards, now you the only nigga with my heart  
And I could put that on my soul  
I can see me with you, when I'm old  
If I wanna escape, would you roll?  
If I was falling apart, would you hold?  
I'm done overthinking, will it really last I'll never know  
But, he see through me like a microscope, so I'm here for em  
Just to let him know, that I feel 'em
