

# First

Drew Baldridge

You were the first girl I ever let try to drive my truck  
First fall I didn't care at all about a buck  
'Cause I was spending all my time trying  
Just to get you to be mine  
You were the first girl to make this boy wanna settle down  
First time in my life I ever thought about  
Getting outta the fast lane  
And putting someone's first with my last name, and I

Made a promise to your daddy  
I'd always put you first  
But there's just one time I really hope that I  
Don't have to keep my word

When that hourglass runs outta sand  
And the good Lord calls us home  
When this needle runs outta record  
And these tires run outta road  
There's gonna come a day, not soon I pray  
That one of us has gotta go  
And girl without you here with me  
It'd be hell on earth  
So I hope heaven takes me first

I'd be the first smile to greet you right there at the Gate  
First one to show you all around the place  
Hope it don't sound selfish  
That I wanna beat you there  
'Cause if you went first, I couldn't handle the hurt, I swear

When that hourglass runs outta sand  
And the good Lord calls us home  
When this needle runs outta record  
And these tires run outta road  
There's gonna come a day, not soon I pray  
That one of us has gotta go  
And girl without you here with me  
It'd be hell on earth  
So I hope heaven takes me first  
Girl, I promise for as long as I can, I'll always put you first  
But there's just one time I really hope that I don't have to keep my word

When that hourglass runs outta sand  
And the good Lord calls us home  
When this needle runs outta record  
And these tires run outta road  
There's gonna come a day, not soon I pray  
That one of us has gotta go  
And girl without you here with me  
It'd be hell on earth  
So I hope heaven takes me first

Heaven takes me first  
Take me first
