Rebound

Drew Baldridge

Oh how convenient
You think I'm here for you
Got a history of lenience
Of lettin' you do what you do
My friend done called and said you'd be callin'
Soon as I hung up my phone was ringin'
With your number that I deleted
A mistake I ain't repeatin'

Now that he's gone
You wanna get in my car
Wanna steal my sheets
Go a little too far
You're wrong if you think you can dip
Out like ya did, and say you're over him
Kissin' ya, kissin' ya
So you want me kissin' ya, huggin' ya, lovin' ya
Well baby I ain't trippin' over all the words that you're throwin' out
I ain't your rebound

(Don't you think we could)
(It feels so good)
(Boy we should)
I ain't your rebound
(Baby don't you miss)
(The taste of my kiss)
(I know you want this)
I ain't your rebound

You're playin' it cool
With the sweet talk on your lips
But I ain't a fool, nah
Yeah I know what this is

Now that he's gone
You wanna get in my car
Wanna steal my sheets
Go a little too far
You're wrong if you think you can dip
Out like ya did, and say you're over him
Kissin' ya, kissin' ya
So you want me kissin' ya, huggin' ya, lovin' ya
Well baby I ain't trippin' over all the words that you're throwin' out
I ain't your rebound

(Just give me one night)
(Let me show you why)
(It's different this time)
I ain't your rebound
(Just wanna see you)
(See what it leads to)
(Give it to me)
I ain't your rebound

I hoped that you'd move on, but I ain't your ride
Ain't your bounce back, go back to keep him off your mind, no

Cause now that he's gone
You wanna get in my car
Wanna steal my sheets
Go a little too far
You're wrong if you think you can dip
Out like ya did, and say you're over him
Kissin' ya, kissin' ya
So you want me kissin' ya, huggin' ya, lovin' ya
Well baby I ain't trippin' over all the words that you're throwin' out
I ain't your rebound

(Don't you think we could)
(It feels so good)
(Baby we should)
I ain't your rebound
(Baby don't you miss)
(The taste of my kiss)
(I know you want this)
I ain't your rebound
(Just give me one night)
(Let me show you why)
(It's different this time)
I ain't your rebound
I ain't your rebound
I ain't your rebound
