Drew Green

Down here in the dirty  
Them dirt boys workin', skew, uh huh

Down here in the south  
Down in the dirty, dirty  
Dirt boys workin' them plows  
Keepin' them tillers turnin'  
Nickels to dimes, seven a week, yeah  
They make a livin' and there's boys like me

And we ain't shootin' at that little doe  
We huntin' for that big buck  
Sippin' on that homegrown, shippin' out the good stuff  
Big rigs rollin' down the road  
Boats floatin' up the river, call it (cash flow)

From the money growin' out of the ground down in Warren County  
Bills comin' out of these stills in all these hills around it  
Makin' money (you know we makin' money)  
Monday through Sunday (makin' dirty money)  
Money printin' out of the plow, gotta get up and get it  
Good lord, we out here in it, yeah, we finna make this money  
On cash cows, on cash crops, and map dots, they don't stop  
Out in the country makin' dirty money (money, money)  
Makin' dirty, dirty, dirty money (money)  
Everybody know that same old story, ya know, that one that goes

Oh boy, Dually smokin'  
Loaded down with hay but hay ain't all he's totin' (ha, shh)  
Don't tell Uncle Sam he got a 401k under the barn in rubber bands from the
