

Fine By Me

Drew Green

Go on and flip the station
I don't like that new stuff
I know you gonna change it
And that's fine by me
We'll be rollin' up the windows
Trying to keep your hair down
Trying to keep the dust out
We ain't got nowhere to be and that's fine by

So fine by me
Fine by me
Skin on stitches in a grey Chevro laid-back shotgun seat
Shotgun seatbelt holdin' my heaven steady
Strawberry curls
All up in my Chevy
Maybe hit the levy
Wherever you wanna go
Wherever you go you glow
You lookin' so
Fine by me
So fine

Like that '08 Moet champagne
That's waitin' at the house, we can break it out
It ain't nothin', girl, to turn it around, hit a U-turn
'Cause you turn me on right now
Or we can keep driving around, girl
Whatever you want

So fine by me
Fine by me
Skin on stitches in a grey Chevro laid-back shotgun seat
Shotgun seatbelt holdin' my heaven steady
Strawberry curls
All up in my Chevy
Maybe hit the levy
Wherever you wanna go
Wherever you go you glow
You lookin' so
Fine by me
So fine

Whatever you doin' you're doin' it right, lookin' so fine
I'm loving every minute of it
Whatever you doin' I'm doing tonight, girl
So fine by me

Skin on stitches in a grey Chevro laid-back shotgun seat
