

# Merry Christmas Tonight

Drew Holcomb & The Neighbors

Sleigh bells ringing, carols singing and no one dreaming Christmas will be white  
Decoratin', hanging stockings, I made sure that yours was hung just right  
But you won't be home this year, so if I have to sing without you here

I'll sing it from my heart even though you're far away  
You know a love like ours, it's a gift to celebrate  
So imagine that I'm by your side  
And I'm looking deep into your eyes  
Sayin', "Merry Christmas," tonight

Blazin' fire, my heart's desire is to talk with you late into the night  
But your voice is just on these pages, telling me that everything's alright  
All the longing makes it sweeter  
So if I have to sing without you here

I'll sing it from my heart even though you're far away  
You know a love like ours, it's a gift to celebrate  
So imagine that I'm by your side  
And I'm looking deep into your eyes  
I'm sayin', "Merry Christmas"  
I'll sing it from my heart even though you're far away  
You know a love like ours, it's a gift to celebrate  
So imagine that I'm by your side  
And I'm looking deep into your eyes  
Sayin', "Merry Christmas," tonight  
I'm sayin', "Merry Christmas," tonight
