

# Steal My History

Drew Holcomb & The Neighbors

You tell em all your secrets  
You leave me on the edge  
A beautiful vision  
Is that you or a reflexion  
I wonder if it's happenin'  
Tell me how you feel  
Sittin' in the apartment  
Mysterious attraction

Love me like a hard break  
Love me like a thief  
Love me like you want to  
Come steal my history

Hold you in the shadows  
Chasing flickers of light  
All I wanted baby just you and me at night

Love me like a hard break  
Love me like a thief  
Love me like you want to  
Come steal my history  
Come steal my history

All this vigilantes  
Tryin to track us down  
We're just weary pilgrims  
We the faith in God

Love me like a hard break  
Love me like a thief  
Love me like you want to  
Come steal my history

Come steal my history  
Come steal my history
