

Suffering

Drew Holcomb & The Neighbors

She was walking towards downtown
Wearing her anger like wearing a crown
She's got a story that no one knows
Trying to find mercy in the sideshow
Trying to find mercy in sideshow

Suffering
New to the market and out on the street
Suffering nothing you can do, nothing to see
Suffering yeah yeah yeah yeah

He was staring at the Hollywood sign
Swears he didn't see the stoplight
Totaled his car his leg and his pride
We know nobody gets a free ride
We know nobody gets a free ride

Suffering
New to the market and out on the street
Suffering nothing you could do, nothing to see
Suffering yeah yeah yeah yeah

Holding on to an elephant's tale
Laughing at the circus on our way to jail
We shout and smile from ear to ear
Maybe we'll see it when the smoke clears
Maybe we'll see it when the smoke clears

Suffering
New to the market and out on the street
Suffering nothing you could do, nothing to see
Suffering yeah yeah yeah yeah

Suffering
New to the market and out on the street
Suffering nothing you could do, nothing to see
Suffering yeah yeah yeah yeah yeah
