

# Deep

Drew Seeley

Under water  
Under water  
Under water  
Under

You can find me at the bottom of the ocean  
You can find me at the bottom of the sea  
You can find me in the nothing of the darkness  
You got me living down in the deep  
Down in the deep deep deep  
Deep deep

Floating on emotion  
Got control of me  
Drowning in these waves  
Can't be saved  
They consoling me  
Stuck in my own head  
Need them meds  
They be numbing me  
Flying through the city  
Like a ghost  
They don't even see  
It's like I'm not here  
I'm living my fears  
The ocean of tears  
The pain goes so deep  
I'm taking the leap I see it all clear  
I never fit in  
Don't wanna be here  
Just take me away  
Ready to fly  
But not to the sky  
Like a fish in the waves

You can find me at the bottom of the ocean  
You can find me at the bottom of the sea  
You can find me in the nothing of the darkness  
You got me living down in the deep  
Down in the deep deep deep  
Deep deep

Down in the deep  
Anchor to the feet  
Ain't no turning back  
Hope I find my peace  
Tryna find my peace  
Hope I can release  
Ain't no turning back  
Cuz I'm going

You can find me at the bottom of the ocean  
You can find me at the bottom of the sea  
You can find me in the nothing of the darkness  
You got me living down in the deep  
Down in the deep deep deep  
Deep deep
