Enemy

Told you what it was and you knew that  
Right from the jump no loose tags  
Now you  
All up in ya feels so who mad  
Time to move on get a new bag  
It was all good just a week ago  
Then you saw me with her never let me know  
Now you  
Back at the crib like here we go  
Final curtain call enjoy the show

I'm not your man  
I'm not your one and only  
Why you so inna me, inne me ooohhoh  
I'm just the one you call when you get lonely  
Not you're... you're enemy enemy  
Enemy  
I'm not your man  
I'm not your one and only  
Why you so inna me, inne me ooohhoh

Not you're... you're enemy enemy  
Enemy

Sleeping with the enemy  
Why you so into me  
Crazy not a friend of me  
I know I put it down right  
That's why you come around right  
We can do this all night  
But it's time to cut the ties and the lies  
And the loose strings  
Recall on the new flings  
Now I'm the bad guy  
Didn't do a thing  
Cuz You caught feelings  
Like you want a ring

I'm not your man  
I'm not your one and only  
Why you so inna me, inne me ooohhoh  
I'm just the one you call when you get lonely  
Not you're... you're enemy enemy  
Enemy I'm not your man  
I'm not your one and only

Why you so inna me, inne me ooohhoh  
I'm just the one you call when you get lonely  
Not you're... you're enemy enemy
