

Summatime

Drew Seeley

You can find me kicked back in an Adirondack
Soaking up the sunset, oh oh we ooh
You can find me blazed out
Troubles all been phased out
Counting out the days till next summer come

You can find me kicked back in an Adirondack
Soaking up the sunset, oh oh we ooh
You can find me blazed out
Troubles all been phased out
Counting out the days till next summer come

We talking paradise
You know them blue coladas
With plantains sitting nice
Over dirty rice
Ooh, we loving life
Cause it's a must
The only regret is the fact
That we can't live it twice
This time we made a pack
(Full intact)
To do it do right
From the early morn
To seeing Sirius light the night
What a gorgeous view
Oh yes, it's true
The waves whisper to you
Nature's treasures overdue

Cold drink in my hand
Bare feet in the sand
Not making a plan
Checked out for the summertime
La la la la
La la la la la
Long gone for the summertime
So stop calling my phone
Ain't nobody home
But nah, I'm not alone
We all here for the summertime
La la la la
La la la la la
Long live the summertime

It's that the time of the year that I been waiting for
Booked the flight packed my bags headed out the door
Sunshine white sand you already know
Sipping lovely with a straw right out the cantaloupe
Hit the ocean on a boat
Sexy ladies all around
Summa time we going up
And we not eva coming down, no
Man we got the vibe slow
Hotter than a pyro
This the flex revival
Cuz finally it's summa time go

We'll be just chasing the light
Here on this midsummer night
Everyone feelin' alright
Feelin' alright
It's summer time, ooh
We'll be just chasing the light
Here on this midsummer night
Everyone feelin' alright
Feelin' alright
It's summer time, ooh

You can find me kicked back in an Adirondack
Soaking up the sunset, oh oh we ooh
You can find me blazed out
Troubles all been phased out
Counting out the days till next summer come
