

No One

Drew Sycamore

I searched the seven seas but nothing
The desert and the trees - I've covered the sky
But no one comes to mind
There's nothing on the news about it
And I have been cluelessly just
Going round in circles missing every single sign

No, I can't find no one
No, I can't find no one
No, I can't find no one
Who loves me like he does
No, I can't find no one
No, I can't find no one
No, I can't find no one
Who loves me like he does

Even when my thoughts escape me
My hyper independence gives me away
I think I wanna stay
I think about the burning shivers (Oh-oh)
The reasons that I'm feeling like an
Oyster in a bucket ready to be torn apart

No, I can't find no one
No, I can't find no one
No, I can't find no one
Who loves me like he does
No, I can't find no one
No, I can't find no one
No, I can't find no one
Who loves me like he does

Ohh, no one
Oh, no, no, no, no one
Loves me like you do
No one loves me like you do
Ohh, no one (Ohh, no one)
Loves me like you do (Loves me like you do)
Ohh, no one
Oh, no, no, no, no one
Loves me like you do
No one loves me like you do
Ohh, no one (Ohh, no one)
Loves me like you do (Loves me like you do)

No, I can't find no one (Oh, no, no, no, no one)
No, I can't find no one (No one loves me like you do)
No, I can't find no one (Ohh, no one)
Who loves me like he does

No one loves me like he does
Uhh
Uh-uh, uh-uh-uh
