

Paradise

Drew Sycamore

I know that I'm crazy for you
That I'm crazy for you
And there's never been a better time to tell you
That I'm crazy for you
That I'm crazy for you
And I really wanna see the

Field of diamonds in the sky
No one else but you and I
Uh uh, uh uh yeah
Do the things you wanna try
Take that magic carpet ride
I get the feeling paradise is next to you

We'll do whatever you wanna do
I get the feeling paradise is next to you

We'll do whatever you wanna do
I get the feeling paradise is next to you

I get the feeling paradise is next to you
I get the feeling paradise is next to you

I like that I'm crazy for you
That I'm crazy for you
And there's never been a better time to tell you
That I'm crazy for you
I'm crazy for you

And I really wanna see the
Field of diamonds in the sky
No one else but you and I
I get the feeling paradise is next to you

We'll do whatever you wanna do (you wanna do)
I get the feeling paradise is next to you

We'll do whatever (do whatever) you wanna do
I get the feeling paradise is next to you

Next to you
Next to you
I get the feeling paradise is next to you
Next to you
I get the feeling paradise is next to you

Nights like tonight
You're a diamond who's been longing to be seen
(I know you're longing to be seen)
Don't close your eyes
Cause I know that you've been waiting just for me
I get the feeling paradise is next to you

We'll do whatever you wanna do
I get the feeling paradise is next to you
We'll do whatever you wanna do
I get the feeling paradise is next to you

Next to you
Next to you
I get the feeling paradise is next to you
Next to you
I get the feeling paradise is next to you
