

# I'm Him

Drexthejoint

Fuck school, bitch, I went to go beat the road  
Bloods full of pain, get in my feelings, I pour four  
I swear I do this shit like every day, every time  
First nigga lookin' at me mad, I get out of line  
You don't know lil' bro, I done been places  
Last nigga tried to rob me, he got strip naked  
Put him on Fox 5 and make him famous  
I ain't never chase no bitch but a bag, I chased it

Rollin' wood anytime I ain't in the mood  
I can't fuck with two-faced niggas who pick and choose  
Had a bad akih akih on the east side  
I don't give a fuck if she said that she need time  
I'll just go chase me a bag in the meantime  
I ain't never ran from nobody except the Jakes  
If the kids listening, don't listen to shit I say

Baby, I'm the nigga you need  
You ain't know I'm Mr. J-O-I-N-T  
Baby, how you been? It's been a min'  
Looked her in her face and told her, "Baby, I'm him"  
I said, "Damn, baby, hmm, yeah, alright"  
Baby, I'm that nigga that these niggas don't like  
Posted with some Glocks 'cause my niggas don't fight  
Always chasing chili every day, every night

I was broke out, I had to go and beat the road up  
I'm pourin' fours in all different types of sodas  
If they get me in that room, I don't know nothing  
I ain't wanna be this way, but just look at me now

Never chase a bitch, only chase a bag  
All that rockin', can't name a bitch that I ain't had  
Up in these streets, had nobody to call dad  
Started rappin', started poppin', that shit made him mad

Before this rappin', I was outside steady flockin'  
You was up in school, while I was outside really robbin'  
The one who did, I done got my city poppin'  
I know niggas can hate on the gang, but they can't mock you

And it's a cold world, baby, but it's okay  
I wonder if I go down, is you gon' fold? Is you gon' stay?  
I know you got me, can't no nigga take my place  
If this rappin' ain't work, I guess it's back to cracking safes

Yeah, is you gon' fold? Is you gon' stay?  
I know you got me, can't no nigga take my place  
Yeah, is you gon' fold? Is you gon' stay?  
If this rappin' don't work, it's cracking safes, yeah

Uh, I know you got me, can't no nigga take my place  
If this rappin' don't work, I'm cracking safes, yeah, uh
