(Regime making all the hits)

Look

Huh

Look, bitch, you got the block out
Long clip, got a mop out
Extendo, bitch, I go take the stock out
Pop out, the whole gang got them chops out
The last nigga trippin', got his ass chalked out
Pop out, the whole gang got them chops out
Long clip, bitch, I go take the stock out
Pop out, your whole gang full of drop-outs
The last nigga trippin', got his ass chalked out

Hey, Drex makes these hoes go crazy
Really did it on my own, ain't no nigga that made me
This shit get maimy, grimey, do a bitch shady
And don't ask me where I'm from 'cause I'm a SSJARK baby
You know what the deal is, y'all some monkeys and we guerillas
Even if you were in my shoes, I swear to God, you wouldn't fill
'em

Is you serious? Drex really known to go get it
Stop rappin' 'bout that life if you don't really live it
I throw a B up, but put a K up in the end
Around the same niggas, I don't believe they my friends
Nigga, been, I do this for real, I don't pretend
It's that community dick, bitch, I'm everyone's man
Try and go look for me, I'm probably somewhere a bag at
Call me Akon by the way a nigga smacked that
Better take your jewelry, my niggas finna snatch that
If you see me with the thooda, best believe a nigga blamed that
Bitch, I'm tryna fuck you and your sister
I'm from SSJARK, shout out my niggas from Ballinston
Knew shit was a bop and you went and go on kissin'
You a trick-
ass nigga, but we the ones that's gon' flip her, nigga
Nigga's scary, they don't even pop out
I'm tryna rock out and put this cock in a thot mouth
Niggas poppin' it, that's the type of shit I'm talkin' 'bout
I'm finna pop out and drop dick to your mom house, nigga
Got his mom fucked like he's Jodi
Don't even go to ask me, niggas know I get up on him
Up closely, you don't like that nigga? You holy
I'm ridin' in the foreign, came along way from stolies, nigga
