Drexthejoint

(Jay Luiz made it slap)

Nigga, you ain't willing for your section  
Got it on my waist, I got it just for my protection  
Chunky Monkey, better watch you testin'  
I almost lost my life, and I ain't even learn my lesson

Nigga, you ain't willing for your section  
Got it on my waist, I got it just for my protection  
Chunky Monkey, better watch you testin'  
I almost lost my life, and I ain't even learn my lesson

I ain't learned my lesson 'cause it's just the way I live  
I ain't tryna hear stories talkin' 'bout the niggas you did  
And every time a nigga got dropped, a nigga slipped  
Free my niggas out that cage, them niggas locked down doing bids

Free my niggas locked up in that cell  
I was locked up in my cell and I ain't even get no mail  
Trials and tribulations, stay solid, you gon' prevail  
Yes, I rap a little bit, I'm still giving niggas hell

Yeah, I do it for them days I ain't had nothing  
Every time you see Drex, that nigga up to something  
Y'all niggas don't wanna worry, y'all niggas bluffin'  
The only time I run is when the fuckin' cops comin'

Nigga, you ain't willing for your section  
Got it on my waist, I got it just for my protection  
Chunky Monkey, better watch you testin'  
I almost lost my life, and I ain't even learn my lesson

I almost lost my life, and I ain't even learn my lesson (ay)

And if I ever got attached, just know I earned that  
If I ever hop in your load, just know I burnt that  
Sliding down the opposite, ain't nothing, we gon' turn back  
You made me do what? On the gang, I never heard of that

Where the fuck was you shooting when I was trying to chip his brain, huh?  
I got aim on the gang, we ain't the same, huh?  
You was speaking on hoops, so don't question why you flamed up  
When I shoot, I aim steady, 'cause I'm trying to get my rank up

Every lesson that I learned, I learned it in the field  
One wrong step, don't get your stupid ass killed  
I fuck with Drex 'cause that nigga keep it real  
If we run into the suckers, it's gon' be an overkill

Yeah, murder, murder, it's gon' be a bloody murder  
Why you talking about them skits? On the gang, I never heard of  
Murder, murder, it's gon' be a bloody murder  
Why you talking about them skits? On the gang, I never heard of

Nigga, you ain't willing for your section
