(Jay Luiz made this one)

Yo, aye

Know you miss your rockin', get 'em back  
The same nigga speakin', ain't got no give back  
Nigga whack, say you want smoke, then where you at?  
Before you speak about me, lil' nigga, just speak facts

Know you miss your rockin', get 'em back  
The same nigga speakin', ain't got no get back  
Nigga whack, say you want smoke, then where you at?  
Before you speak about me, lil' nigga, just speak facts

Nigga, I'm out about that bitch on J's, I give two fucks  
I hate niggas, got me feelin' like the blue clucks  
And if y'all bitch see me, she finna choose up  
I'm outside on your block, all nighter tryna see who up

Tryna see who up, my niggas know what's up with me  
Got this nigga mad, 'cause I gave his bitch company  
Inspire niggas, I'm the one your niggas wanna be  
I hit a broke bitch, who know most of it ain't my cup of tea

I ain't gon' lie, man, I miss my doors  
It really hurt the nigga's soul when I got that call  
A real nigga, gon' pick him up and niggas fall  
And all that speaking up on that shit, wanna bring back Jones

Know you miss your rockin', get 'em back  
The same nigga speakin', ain't got no give back  
Nigga whack, say you want smoke, then where you at?  
Before you speak about me, lil' nigga, just speak facts

Know you miss your rockin', get 'em back  
The same nigga speakin', ain't got no get back  
Nigga whack, say you want smoke, then where you at?  
Before you speak about me, lil' nigga, just speak facts

Speak facts when you speak about me, just keep it real  
Who really keep it gangsta? Man, who really in that field?  
A J-Side baby, these niggas knowin' what's the deal  
Remember all them cold days when I ain't even have a meal

If I've sneaked this thing and let your nuts hang  
That's on my mama, my niggas really gangbang  
Why niggas talkin'? Don't even know a damn thing  
'Cause if y'all did, y'all went no hit from the same gang

Throw it up chunky, I was out there chipping, that's my bunkie  
All I want is cushy, lil' baby, so don't hug me  
Know I keep a blower, lil' nigga, so don't mug me  
I know you was a thot, lil' baby, so no love me

Know you miss your rockin', get 'em back  
The same nigga speakin', ain't got no give back  
Nigga whack, say you want smoke, then where you at?  
Before you speak about me, lil' nigga, just speak facts

Know you miss your rockin', get 'em back  
The same nigga speakin', ain't got no get back  
Nigga whack, say you want smoke, then where you at?  
Before you speak about me, lil' nigga, just speak facts

The same nigga speakin', ain't got no give back  
Before you speak about me, lil' nigga, just speak facts
