

Like many kids, I had my vision
What to become, my future occupation

Brazilian death squad - undercover
Brazilian death squad - run for cover
Nightshift, lights out... horror murder terror

A classified project, a never ending mission
A street cleaner, high (high) ambitions

Brazilian death squad...

Firefighter, football player
Cocksucker or dragonslayer (no not me)
But to clean the streets from misery
Wipe out trash, I kill for the community

Brazilian death squad...
Shoot shoot shoot kill kill kill died died
