

Food For Worms

Driller Killer

Who's mouth's drippin behind my back
When I'm not around - bullshit attack!
Trust! - you have to earn it sucker...

Spawned by whores - you're dying from the minute
You're born Spawned by whores -
We're all food for worms
Your mouth's drippin when I'm not around
Who'll be crying when you're underground?
Trust! - stick with the one who can see the truth in your soul.

Spawned by whores - you're dying from the minute
You're born Spawned by whores -
We're all food for worms
