

## Blue Ridge Way

Drivin' N' Cryin'

One rust morning  
Heading north  
One hundred miles  
Turn the morning  
See the wonder

An endless flight right  
Together weathered  
Standing proud  
Are you falling?  
Or are you growing?

And every morning before I wake  
I dream of Blue Ridge Way  
And every evening before I sleep  
I dream of Blue Ridge Way

In the valley

Where God and man must rest  
Whispering glory  
No manmade skyline  
Can please this time line

A blanket statement  
A stagnant blankness  
Yonah proud  
Anna Ruby  
Water lava

And every morning before I wake  
I dream of Blue Ridge Way  
And every evening before I sleep  
I dream of Blue Ridge Way
