

Another One

Dro Kenji

Uh, walk in the store, where the swag in
He not as high as he say, he be draggin' it
Options on options, and I don't be draggin' it
I don't know much 'bout this bitch, but I'm baggin' it (Wow)
She don't know much 'bout the gang, but she twerkin' and throwi
n' it
She bought that ass just to bring some more motion in (Yeah)
I know the game like the front and the back of my hand, but you
know how to show up and ruin it

Walk through the club for a bag, and then we goin' straight to
L.A. for another one
I like her friend, so I said, "Bring another one"
Gang on the pills, I'm like, "Don't do another one"
Hop on the jet to the plane, that's another one (Woah)
We been on the phone all day, she a one of one (Woah, woah)
I hate niggas tryna be like one of us
Don't get crazy, lil' Kenji might crank up (Woah, woah, woah, w
oah, woah, woah)

Face card, good all angles
Pornstar bitch, ain't angel
Work hard, buy new diamonds
Wreck her mind, fuck with a passion
Broken minds won't make nothin'
Workin' on bein' my best end
Fuck niggas wanna keep tryna cross that line (Woah, woah, woah,
woah, woah)
