

CALM

Dro Kenji

Are you lost or am I wrong?
I thought I lost you, was I wrong?
I can't stand to see you leave
Baby, you're my favorite song
I've been walkin' in the cold
Are you lost or am I wrong?
I thought I lost you, was I wrong?
I can't stand to see you leave
Like only you can keep me calm (Oh-oh, oh)

Everlasting paranoia (Paranoia)
Will I complete or annoy you, all along?
(Will I complete or annoy you?)
Take a lil' walk in my shoes
I just took a lil' dive in her head
We just need a lil' time away soon
I can tell you feel alone in your bed (Oh-oh, oh, bed)
I thought I needed you, I'm so down, falling down (Oh-oh)
The thought of needing you so wild

Are you lost or am I wrong?
I thought I lost you, was I wrong?
I can't stand to see you leave
Baby, you're my favorite song
I've been walkin' in the cold
Are you lost or am I wrong?
I thought I lost you, was I wrong?
I can't stand to see you leave
Like only you can keep me calm

Take a lil' walk in my shoes
I just took a lil' dive in her head
We just need a lil' time away soon
I can tell you feel alone in your bed
