

## Codeine Punch

Dro Kenji

No, the time do not tick on this Rollie, yeah (Oh, on this Rollie)

This lil' thotty wanna fuck but she don't know me, yeah (Oh, oo h)

Uh, I got three little foreign baddies in this Bentley truck (Oh, oh, oh, oh)

Uh, styrofoam, high as hell, we're sipping codeine punch (I sip codeine)

Uh, I count bands every day, yes, I get money on the regular (Oh)

I could get your whore, she saw my Patek, I don't need to flirt (Ooh, oh)

I just took this yerky yerky, that bitch made my stomach hurt

If the oppers pull up on me, I'm gon' make this blicky twerk

Fuck her, I'm deleting her

I get high like out of earth

Yeah, I'm flying in the coupey, beat her pussy, put it in a hearse

Yeah, this cookie got me geeking, making songs but I don't know the words

Feel like I'm flying in this Porsche truck, I know I've yet to see the world

My life seems like a dream to me

And I think me and the money were meant to be

No, the time do not tick on this Rollie, yeah (Oh, oh, oh, oh)

This lil' thotty wanna fuck but she don't know me, yeah (Oh, oo h)

I got three little foreign baddies in this Bentley truck (Oh, oh, oh, oh)

Styrofoam, high as hell, we're sipping codeine punch (I sip codeine, yeah)
