Dro Kenji

I tried, ain't no way out (No way out)
Do you cry when nobody lookin' at you?
Please, please, won't nobody listen to me?
Sundown, always when I'm losing my peace
And somehow, ain't nobody realer than me
When I needed you and there was no one but me
Please, please, won't nobody listen to me?

I'm all that you need, just say it
You say we teaming up, I really been on my own damn side
Yeah, fuck it, bother me
Call me if you love me
I've been thinking 'bout you lately
I've been thinking 'bout you lately
Would you never lie to me?
My trust just got right back broken
I've been missing you so often
I've been thinking 'bout you often

My heart beat the hardest, show me how yours beating, baby
You still in here, have you heard me?
Must be hard of hearing, baby
I still don't think that you this evil, that's hard to believe
baby
(Hard to believe baby)

I tried, ain't no way out (No way out)
Do you cry when nobody lookin' at you?
Please, please, won't nobody listen to me?
Sundown, always when I'm losing my peace
And somehow, ain't nobody realer than me
When I needed you and there was no one but me
Please, please, won't nobody listen to me?

Oh-oh, oh
Whoa-oh, oh-oh-oh
Nobody realer than me
