On & On

Dro Kenji

(Census, what you cookin'?)

I know that it's gettin' confusin'
Codeine, love the drank I'm abusin'
Now that I get lost in the substances
Bae, please protect me from myself
On and on and on, we'll never end
Bae, come and save me from this hell
I know that it's gettin' confusin'
Codeine, love the drank I'm abusin'
Now that I get lost in the substances
Bae, please protect me from myself
On and on and on, we'll never end
Bae, come and save me from this hell

I run away, sometimes I feel like I ain't high enough
I ain't good enough
I could play you all my misery, I put it all in my songs
I've been floatin' all night long
Me and my feelings never get along
Let me tell you what I mean
Yeah, heart broke, need a cast
Yeah, think of my jewelry, chains that I get, yeah
Runnin' up bands, yeah, yeah
(Chains that I get, yeah, runnin' up bands, yeah, yeah)
I'm lost in you, don't comfort me no more
No, no, no, no

Nothin' is ever forever
Stuck to this bitch, feelin' tethered
You never roll what I could roll
I could probably treat you better than I have in the past, lil' baby

I know that it's gettin' confusin'
Codeine, love the drank I'm abusin'
Now that I get lost in the substances
Bae, please protect me from myself
On and on and on, we'll never end
Bae, come and save me from this hell
I know that it's gettin' confusin'
Codeine, love the drank I'm abusin'
Now that I get lost in the substances
Bae, please protect me from myself
On and on and on, we'll never end
Bae, come and save me from this hell

Save me from this hell
Yeah, save me from hell
Right now, right now
