

# OVER & OVER

Dro Kenji

Uh, you playin' over and over inside of my mental (Oh, oh, wow)  
I just wanna be by you again (I just wanna be by you again)  
Ayy, I took some time, ran away from the drugs (Yes)  
But I hate being sober, I bought 'em again (So I bought 'em again)  
I'm so out of my comfort, bae, can we be real? (Wow)  
Why you crushin' the molly? You don't need the pills (The molly, you don't need the pills)  
I woke up, still high, I'm walkin' in outer space (Wow)  
Lil' Dro been 'bout this money, I spoil her, no holiday (I spoil her, no holiday)  
Drunk off the Henny, I'm missing you, by the way (Oh, I'm missing you, by the way)  
If I give up my heart, then my head goin' to war (Head goin' to war)  
I know life mean, I can show you a better way (Better way)  
Turn my phone off and I had such a peaceful day (Had such a peaceful day)  
I might go off if I run out of weed today (Oh, run out of weed today)  
Shit might go down in my mind if I let it race (Oh)  
Barely knew you, wasn't hard to get erased  
I just wanna know, I should secure the place (Grrah-grrah)

I just hope you never throw my heart away (Yeah, I know you'll be havin' your fun)  
I just hope you never give my shit away (Protect my soul because it's all that I got)  
I'm just hopin' you don't get up and leave
