

# TIGHTROPE

Dro Kenji

Yeah

(Census, what you cookin'?)

I know that sometimes you feel like you walkin' on a fuckin' tightrope

I don't know how she got so entitled without a title

Feel like I don't even belong here

I don't know how they feelin' but I don't care what they think of me

Usually I keep the cash on my mind

Shawty brought a few vibes and we partied all night

She on Adderall

She really like to stay up all night

She don't sleep at all

Tryna make this lil' vampire bitch my one and only

Usually I keep the cash on my mind

Shawty brought a few vibes and we partied all night

She on Adderall

She really like to stay up all night

She don't sleep at all

I'm tryna make this lil' vampire bitch my one and only

And I'll admit, I still don't see the reason why you really want me

Is it my money or the fact that you be living with me?

Penthouse all the way up to the top

Lil shawty be getting me outta my body, I'm already knowin' she not b  
outta' stop

You don't need no drugs with me

Your love what I'm really needin'

You just need to trust in me

I got your heart, won't let it go and never throw it away

I know that sometimes you feel like you walkin' on a fuckin' tightrope

I don't know how she got so entitled without a title

Feel like I don't even belong here

I don't know how they feelin' but I don't care what they think of me

Usually I keep the cash on my mind

Shawty brought a few vibes and we partied all night
