

TUG OF WAR

Dro Kenji

I want you to see that I don't want nothing wrong
Am I over my head? I'm thinking way too hard
Did it over again, I did it over again, took a piece of her heart

Can you tell me how you fantasize about me
You're so demanding how you talk when you're around me
I'm off the planet, I'm a lover boy when I dream
And understand it playing tug of war with my heartstrings

I might get high and call her
Brand-new money, brand-new choppers (grrah-boom)
She fell in love in LA
Plenty parties, plenty uppers
I fell in love, and I'll say that to your face
I fell in-I fell in love, and say that to your face

I want you to see that I don't want nothing wrong
Am I over my head? I'm thinking way too hard
Did it over again, I did it over again, took a piece of her heart

Can you tell me how you fantasize about me
You're so demanding how you talk when you're around me
I'm off the planet, I'm a lover boy when I dream
And understand it playing tug of war with my heartstrings

Tell me how you feel when I get to barely see you
It's really more than I can handle, I just hate being see through
Your brain nothing, the same as mine, but if you want I can be too
You playing tug of war with love, and now I feel like I need you
If you'll do anything for love, don't stab my back 'til it bleedin'
We went through so much without reason, I fell so deep in my prison
We went through so much all for nothing, still mad you never could li
sten
She said she loved me all for nothing (all for nothing)

I want you to see that I don't want nothing wrong
Am I over my head? I'm thinking way too hard
Did it over again, I did it over again, took a piece of her heart

Can you tell me how you fantasize about me
You're so demanding how you talk when you're around me
I'm off the planet, I'm a lover boy when I dream
And understand it playing tug of war with my heartstrings

I fell in-I fell in love and I'll say that
I fell in love and I'll say that to your face
