

Backbone

DROELOE

Flat on the floor of my life
The world just leaves me behind
I wanted more at this point
But I keep losing my voice

I don't wanna be like that though
Better grow a fucking backbone
I don't wanna be like that though
Better grow a fucking backbone

Hit me like a train
Novocaine to the face all day
Lock it like a chain in my brain
Lace it in my veins

Flat on the floor of my life
The world just leaves me behind
I wanted more at this point
But I keep losing my voice

I don't wanna be like that though
Better grow a fucking backbone
Better grow a fucking backbone
Better grow a fucking backbone

Backbone, backbone, backbone, backbone
Backbone, backbone, backbone, backbone
Backbone, backbone, backbone, backbone
Backbone, backbone, backbone, backbone
Backbone, backbone, backbone, backbone
Backbone, backbone, backbone, backbone

Better grow a fucking backbone

Hit me like a train
Novocaine to the face all day
Lock it like a chain in my brain
Lace it in my veins
