

Foolish Fish

DROELOE

Can I please get a spaceship?
'Cause I feel complacent, I don't know why
I need to change things
So can I pretty please get a spaceship?
Really don't care if it's a makeshift
I should at least make a day trip

But I'm finding cracks in the wall
Lightning strikes us all
Lightning strikes us all
On the cliff side listening to the call
Right before I fall
Right before I fall

(Here! I! Go!)
Jumping to see me
For what I might become
Never imagined, never recovered from
(Here! I! Go!)
Jumping to see me
For what I might become
But I'm a little bit, here I'm a little bit blurry
What if I'm wrong?

But I'm finding cracks in the wall
Lightning strikes us all
Lightning strikes us all
On the cliff side listening to the call
Right before I fall
Right before I fall
