

In Time

DROELOE

You can find us in the light
When you know it's time
You can lose what holds you back
When you know that you can follow me

When you know that you can follow me

No, no, no, no
No, no, no, no
No, no, no, no
No, no, no, no

You keep running backwards and I try holding you down
Holding you down
Show yourself in the light of the streets
Before we run out, before we run out

In time
Outcome in time
Losing me
In time and out
Oh, in time

Holding you in time
Outcome in time
Losing
You can change the outcome in time
In time

Holding you in time
Outcome in time
Losing me
In time and out
Oh, in time

Holding you in time
Outcome in time
Losing
You can change the outcome in time
In time

Holding you, holding you
Holding you in time
In time, losing
Holding you, holding you
Holding you in time
Oh, in time

No, no, no, no
No, no, no, no
No, no, no, no
No, no, no, no

In time
Outcome in time
Losing me
In time and out

Oh, in time
With me

With me
With me
